5.4

Furnish details of the following aspects of curriculum design:

Innovation such as modular curricula

### 1. Education Engagement Model:

In the fast-changing 'knowledge economy' today, the curriculum should be application-oriented and content delivery systems have to be through technology-enabled platforms. This will find its 'true value in the Education sector' when this is delivered by faculty/professionals with hands-on experience in audit learning systems. Keeping this perspective, CMR University has designed 'Education Engagement Model' (EEM) wherein the learners will be taught an 'experimental & integrated learning system' versus the knowledge-acquisition system of traditional education.

2. Design thinking, creativity & innovation is a compulsory paper in all programs.

3. The evaluation system of the program is comprehensive & continuous during the entire period of Semester, both by internal faculties (who is / are teaching the course) & also by the external examiners (who have requisite expertise in the domain / course area).

Each course will have credits allotted to it and each 'credit' refers to 'hours of guided learning in a week' (i.e. 1 credit course will have 1 hour of guided learning in a week).

The system of evaluation & grading is as follows:

In a semester, the evaluation and grading will be on the following parameters:

Continuous Comprehensive Evaluation (CCE)	30 marks
Mid-term Examination (MTE)	20 marks
Term End Examination (TEE)	50 marks
Total marks (a + b + c)	100 marks

interference of the Immovable property. As a result of the rival claims, the matter went to Court and the Secretary of the former Trust obtained an order of Injunction against the abovenamed K.C. Ramaswamy.

And in pursuance of the Decree of the Hon'ble Court, the Authorres abovenamed and the Trustees had registered a Trust under a Deed dated 28-4-1993 registered as No.107/93-94 in Book IV, Vol.279 pages 63-64 at the office of the Sub Registrar, Shivajinagar, Bangalore and had applied for registration of the said Trust under the Income Tax Act 1961. And the Income Tax authorities have suggested inclusion of certain clauses to the said Trust Deed. Therefore, it is deemed fit and proper to replace the abovesaid Trust Deed by a more compact Trust Deed containing the clauses suggested by the Income Tax Authorities.

Now, therefore, the Authorres and the Trustees have

## CMR University Collaboration with United Nations Global Impact for Adoption of Principles for Responsible Management Education (PRME)

### Introduction

Concerns about ethical behavior and private sector transparency and accountability continue to dominate both public and private sector agendas globally. These issues are seen as major contributors to the global financial crisis that we are experiencing, and the impact has been demonstrated by various high profile major company ethical failures. **At both the academic and practice levels**, the integration of anti-corruption and transparency in management is being considered essential. This requires changes in the management and business education curricula. However the situation and business environment varies greatly from context to context and, therefore, continuous efforts needed in developing the research based ethics and sustainability knowledge evolution with focus on business and management.

The **mission of the Principles for Responsible Management Education (PRME) initiative** is to inspire and champion responsible management education, research and thought leadership globally. The PRME are inspired by **internationally accepted values such as the principles of the United Nations Global Compact**. They seek to establish a process of continuous improvement among institutions of management education in order to develop a new generation of business leaders capable of managing the complex challenges faced by business and society in the 21st century. The PRME has different working groups including anti-corruption, poverty eradication, gender equity, environmental sustainability, etc.

Venue: Board Room, CMR Institute of Technology (CMRIT) Campus, # 132, AECS Layout, IT Park Road, Bangalore – 560 037

#### Special Guests:

Prof. Ronald E. Berenbeim  
Adjunct Professor, New York University, Stern Business School

and Prof. Shiv K. Tripathi

#### Chief Guest:

Prof. Anand K. Joshi, Vice-Chancellor, CMR University, Bangalore, India

Presided By: Dr. Sabitha Ramamurthy, Chancellor, CMR University, Bangalore, India

Organized by: CMR University, Bangalore, India  
in Association with, PRME Secretariat, Foundation for United Nations Global Compact, New York, USA.

### Summary of deliberations during consortium meeting

'The Universities and Higher Educational Institutions in India should focus on creating 'ethical & responsible leaders' with strong orientation for ethics compliance & anti-corruption behavior in their professional life. In view of an estimated US\$33 billion trillion of black money worldwide

annually, strong anti-corruption institutional mechanisms are required to ensure the balanced growth in any emerging economy, including India" said **Prof. Ronald E. Berenbeim, Adjunct Professor, New York University & Member of Working Group on PRME Anti-Corruption in Management Education (PRME-ACME)**, while inaugurating the CMR University Educational Partnership with **United Nations Global Compact (UNGC)'s PRME Consortium Meeting**.

He further highlighted the initiatives of United Nations with 534 reputed Institutions of Higher Education and Universities, which is currently implemented in 80 countries across the world, by becoming signatories to PRME (Principles for Responsible Management Education) initiative. There are only 24 Management Education Institutions and one University in India, which are signatories to PRME of UNGC, and CMR University is probably the 1<sup>st</sup> University with a holistic approach in implementing the PRME initiatives.

While delivering his key-note address as **Chief Guest, Dr. Anand K. Joshi, Vice Chancellor** mentioned that "CMR University has entered into collaboration with IBM and other industry professional bodies to develop industry-integrated programs. As a signatory to UN's PRME, CMR University will offer two mandatory subjects in Corporate Social Responsibility and Sustainability, and Corporate Ethics, Regulations & Governance in Business Enterprises in various UG & PG programs. This knowledge will enable students to become successful in 'Business Diplomacy' with high level of integrity and ethics in business practices.

"Instead of focusing on class room teaching of principles and concepts, an integrated approach involving through practice and leading by example is effective to inculcate Ethics, Values and Sustainability Principles among students. The curriculum should have the core readings, case studies, research-based professional activities, practical analysis of subject matter and real life scenarios to make it application-oriented, when the Institutions and Universities adopt PRME initiatives, which has been the common practice in most PRME signatories", said **Prof. Shiv K. Tripathi, Professor, Mzumbe University, Tanzania & Member, PRME ACME Working Group**, while leading Consortium meeting. He further expressed his happiness about the serious commitment of Executive Leadership team of CMR University and CMRGI, and mentioned that the deliberations have been intense and of high quality, among many PRME signatories.

K.R. Jayadeep, Pro Vice Chancellor, CMR University**, while representing the vision of CMR University Board of Governors.

The meeting was attended by the Senior Management Executives and Academic leaders of CMR University (CMRU), Deans / Directors / Principals and Vice Principals of CMR Group of Institutions (CMRGI).
