About the CMR University

CMR University (CMRU) is a private university in the state of Karnataka, established and governed by the CMR University Act-2013. CMR University aims to promote and undertake the advancement of university education in technical, health, management, life sciences and other allied sectors of higher and professional education.

We believe that creativity is the key competence required to excel in our complex world where independent thinkers, product leaders, artists, designers and innovators are the need of the hour. Our students learn creative concepts and design thinking regardless of their area of study. CMR University fosters creative communities where new ideas can be nurtured, new discoveries made and new creations shared.

Overview of the Webinar

The webinar focuses on implementation of infection prevention and control (IPC) to prevent outbreaks within the private sector. Precautions and preventions of an individual risk assessment, and standard/transmission-based precautions for COVID-19, triage and additional control measures, environmental cleaning and disinfection; management of bio-medical waste.
